Request Info

I am interested in:
Obtaining a copy of the following TriMet records

Requested records:
Greetings,

Pursuant to the Oregon Public Records Law, I request the following records, as pertain to the WES passenger rail system:

1. The current conductor certification/qualification plan submitted to and approved by FRA in accordance with 49 CFR 242 (or predecessor regulations).
2. The current engineer certification/qualification plan submitted to and approved by FRA in accordance with 49 CFR 240 (or predecessor regulations).
3. The current passenger train emergency preparedness plan (aka "E-plan") submitted to and approved by the FRA in accordance with 49 CFR 239 for your passenger rail service.

Please include attachments, appendices, etc.

The requested records will be immediately and freely available to the public on muckrock.com, and this request is not being made for any commercial purpose.

I would prefer the request be filled electronically, by e-mail attachment if available, or CD-ROM if not. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request.

Thanks for your help.

Cheers,

Joseph Durso
